

# Making Healthcare Truly Mobilized

JOINT SOLUTION BRIEF

**MT90-HC**  
1.8GHz octa-core  
5" Touch Screen  
IP65 & 1.5m Drop

**Carelink M10**  
2.0GHz octa-core  
5.7" Touch Screen  
IP67 & 1.5m Drop

Newland North America Inc. has joined Allscripts Developer Program as an authorized integrator with our latest healthcare mobile terminals: Carelink M10 and MT90-HC. Allscripts is a leader in EHR interoperability and healthcare information technology solution that advance clinical, financial and operational results across and Open platform. Featuring the industry's most innovative healthcare IT developers, the award-winning Allscripts Developer Program (ADP) speeds time from innovation to implementation to help increase productivity, deliver higher-quality, more personalized care, seamlessly integrate devices, manage population health and much more.

## Newland Healthcare Mobile Terminal

ANDROID OS | DISINFECTANT-READY | INDUSTRIAL-GRADE DURABILITY

### CareLink-M10

- Ergonomic design renders a lightweight and well-balanced device that reduces fatigue during work flows.
- Powerful megapixel engine can easily decodes dirty and poorly printed barcodes
- Biological identification to ensure the security and privacy of medical data.
- High resolution and appropriate display ratio help staff view patients' records and other data intensive applications, especially outdoor viewable

### MT90 HC

- Strong power system and reliable design ensure a long-term shift in the complicated healthcare environment.
- High performance processor and latest Android OS, you don't have to compromise performance for complex applications.
- Powerful megapixel engine can easily decodes dirty and poorly printed barcodes
- Any where and any time you can efficiently take a picture & video or have a video call for remote diagnosing.

### Why Newland?

- One of the leading companies in Auto-ID industry
